Hawthorn District 73 Residency Process: Illinois Law requires that all students attending Hawthorn School District 73 be bona fide residents of the District. The District has contracted with a third-party vendor to automatically verify student address information. If your residency is electronically verified, there will be no need to submit any additional paperwork to certify that you live within the District’s boundaries. If the District is unable to verify your address, you will receive communication from our District Office. This communication will provide details regarding the additional information you will need to provide in order for your child to start the 2022-23 school year. Please don’t hesitate to call the District Office at 847-990-4200 if you need assistance.
